Our Society needs many hands to make work light during it's many events each year.

Did you know, in addition to our Agricultural Fair each fall, we also host a Horseman's Dance late April/early May and the Ambassador Competition each May?

We have openings on our board, in each of the respective shows and exhibits at the fair, setting up and tearing down for our events, help with gates, prepping food, if you can think of it, we need help doing it!
